

Self- Assessment NUR 300

Your Name: Aiden Rodriguez

Date: 10/16/2023

Instructions: Rate your assessment of whether or not you have met the course objectives. Answer yes or no for each of the course objectives listed. Include as the basis of your decision, evidence of how you have arrived at your determination. If you believe you have not met the course objective, include what you identify as a barrier to your success.

Objective	Met Y-Yes N-No	Evidence of meeting	Barriers to meeting
1. Identify the role of the baccalaureate professional nurse in active learning environments.	Y	I believe I have displayed this characteristic through my discussion posts and assignments	
2. Discuss the core concepts involved in online nursing education and life-long learning.	Y	I believe that I have displayed this through various assignments and through my own personal reflection/	
3. Demonstrate understanding of nursing literature and database information searches.	Y	I believe that I have displayed this objective through my effective use of sources in my topic paper.	
4. Demonstrate appropriate application of writing techniques consistent with APA formatting	Y	I believe that I have displayed this as well through my topic paper.	
5. Become an independent learner; taking responsibility for their own learning.	N		I think my main barrier was my hardships in finding the time and getting things in by a deadline.

6. Demonstrate transition from passive recipient to active learner as a baccalaureate prepared nurse	Y	I believe I have displayed this through the level of knowledge and extra research I've done through this topic.
